

2011-2012 Annual Campaign

This year's annual campaign will focus on honoring our Founders. In 2012, White Plains Children's Center will celebrate **30 years** of serving families in Wake County.

In 1982, a forward-thinking group of individuals realized the need in the community for a program to serve the needs of children experiencing mild-to-moderate disabilities. While the inclusive concept was relatively new in the education realms in 1982, the concept seemed to make good sense to the group. After all, most of the Founders were trained educators!

Stay tuned for more information about the 30th. year celebration honoring our Founders!

Think big party on a new playground at WPCC...in the spring of 2012!
